Dear Trader

Berkeley Futures Limited is delighted to announce the introduction of CQG to its suite of products enhancing the current online offering. CQG provides high-performance trade routing, global market data, and advanced technical analysis through a variety of front end trading platforms.

CQG Trader – CQG Trader offers real-time quotes, trading and order management and is ideal for traders who do not require technical analysis tools or charting.

[Request Trader Demo](#) →

CQG QTrader – CQG QTrader has been designed specifically to bridge the gap between CQG Trader and Integrated Client by providing powerful trading tools and technical analysis.

[Request QTrader Demo](#) →

CQG ChartTrader – CQG ChartTrader offers richer functionality over CQG QTrader predominantly in the charting package. ChartTrader has a wider range of chart types and technical studies.

CQG Integrated Client - CQG Integrated Client combines electronic trading tools, global market data and advanced analytics in one application.

[Request Integrated Demo](#) →

CQG APIs – CQG Client APIs enable customers to power their systems with CQG's reliable data, advanced analytics and ultra-low-latency trading.
